

PART 13 - Public Telephone Services
SECTION 1 - Ameritech Payphone Services

1st Revised Sheet No. 3
Cancels
Original Sheet No. 3

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE (Cont'd)

C. Rates and Charges

1. Semi-public Telephone Service Monthly Rates

The following monthly rate for semi-public telephone service covers semi-public exchange access and a standard coin telephone	<u>Monthly Rate</u>
	\$23.00

2. Local and Toll Messages-Public and Semi-Public Telephone Service

a. Local Messages

- (1) Except as otherwise provided in (2) and (3) following, the maximum local message charge is \$.50*
- (2) Whenever automated calling card service is used to bill the local message charge, i.e., (the customer places a calling card call by dialing all the digits of the called number and the calling card number with no operator intervention), such local message charge is \$.50(I)
- (3) Whenever the assistance of a Telephone Company operator is required because of the calling party's request for any other special billing, the appropriate service charge as set forth in Part 11, Section 1 of this tariff applies.

b. Toll Messages

Toll messages are charged for at the Telephone Company's established message toll rates.

* The maximum rate is capped at \$0.25 until January 9, 2001. Order No. 93-487-TP-ALT

Issued: January 8, 1997

Effective: January 9, 1997

In accordance with Order No. 93-487-TP-ALT, dated November 23, 1994 and Commission Entry in Case No. 93-487-TP-ALT, dated January 5, 1995.

By J. F. Woods, President, Cleveland, Ohio

EXHIBIT A SHEET 8

PART 13 - Public Telephone Services
SECTION 1 - Ameritech Payphone Services

Original Sheet No. 4

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE (Cont'd)

C. Rates and Charges (Cont'd)

3. Public and Semi-Public Telephones

- a. Semi-public main station telephones and public telephones equipped with coin collecting devices are furnished in one of the following arrangements, based on the type of facilities in the serving central office:

- (1) Prepay stations - Payment for the use of such stations must be deposited before a connection can be established.
- (2) Postpay stations - Payment for the use of such stations must be deposited at the time a connection is established.
- (3) Dial tone first stations - Connection with a Telephone Company operator or with certain designated emergency numbers can be established without deposit of payment. All other connections are established on a prepay basis.

- b. Telephone sets are regularly provided in colors (including black) from time to time considered standard by the Telephone Company for such telephones at no additional charge for such color.

- c. When a panel coin telephone is provided for semi-public telephone service at the request of the customer, the following monthly rate applies for such telephone:

	Maximum Monthly Rate	USOC CVZ
Panel coin telephone	\$28.80	

Where the panel coin telephone is provided for recessed mounting, the customer is required to provide a suitable wall opening.

- d. Handset with volume control to amplify incoming speech (including press-to-listen switch) 10.30 C87*
- e. Coinless telephones require the use of an automated calling card or the assistance of a Telephone Company operator. Local and toll messages from coinless sets are charged as set forth in C-2 preceding.

* Additional codes appear in departmental practices.

SECTION 1 - Ameritech Payphone Services

Original Sheet No. 5

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE (Cont'd)

C. Rates and Charges (Cont'd)

4. Booths

- a. Booths are furnished when, in the judgement of the Telephone Company, they are warranted. If a booth is warranted but the occupant of the property where a public telephone is located or the customer to semi-public telephone service desires a booth of a special type or finish, such occupant or customer may provide such booth at his own expense, which booth shall be in accordance with specifications approved by the Telephone Company.
- b. When, in the opinion of the Telephone Company, a booth is not warranted, the occupant or customer may if he so elects, provide a booth at his own expense, purchase one from the Telephone Company at a charge equal to the expense incurred by the Telephone Company in providing it, or lease a booth from the Telephone Company at rates or charges based upon costs incurred.

5. Semi-Public Extension Service

Note: Effective March 17, 1977, new installations of extension service are restricted to one telephone per semi-public telephone service line. Extension service telephones in excess of one per semi-public telephone service line which are in service on the aforementioned date will continue to be provided to the same customer only for as long as they remain in service at their then existing locations.

- a. Telephones for extension two-way service are furnished without a coin collecting device and without a dial. For telephones installed March 17, 1977 and thereafter, a privacy feature is provided at no additional charge whereby users of such telephones cannot access the line when the coin telephone receiver is off-hook.
- b. Extension service will not be provided for use on one-way semi-public telephone service.
- c. The location of such telephones shall be confined to the continuous property of the customer.

Original Sheet No. 6

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE (Cont'd)

C. Rates and Charges (Cont'd)

5. Semi-Public Extension Services (Cont'd)

d. Monthly rates

- (1) Extension service provided in connection with semi-public telephone service is subject to the rates and charges specified in this tariff for non-residence extension service.

- (a) A set busy visual signal to indicate to users of the coin telephone that the extension is in use.

- (b) A cut-off arrangement to cut off the extension telephone.

Note: For extension telephone installed March 17, 1977 and thereafter, a cut-off arrangement is not required (See 5-a above)

- (c) Additional audible signals.

6. Extended Network Interface (ENI) for Semi-Public Extension Service.

a. Modular telephones and auxiliary equipment may be connected to semi-public service lines through modular jack and Extended Network Interface subject to the following:

- (1) The ENI consists of an interface coupling device mounted in the main coin telephone to provide the privacy feature, premises wire and associated jack.
- (2) Extension telephones may be equipped with a rotary or Touch-Tone dial to allow connection with a Telephone Company operator or with certain designated emergency numbers.
- (3) The associated jack shall be located at least 10 feet from the main station but must be on same premises as the main station.
- (4) A maximum of one ENI and associated connecting jack per semi-public service line is allowed.

EXHIBIT A SHEET 12

PART 13 - Public Telephone Services
SECTION 1 - Ameritech Payphone Services

Original Sheet No. 8

2. COURTESYLINE

(N)

A. DESCRIPTION

CourtesyLine Service is a coinless pay telephone service that allows a subscriber to pay the local call charges made by calling parties, as a courtesy to those callers. All other charges are paid for by the calling party by means of charges to a calling card, billing to a third number, or placing the call collect.

CourtesyLine Service provides a central office line, a coinless Company provided Touch Tone telephone set, an instruction card, and Call Screening services to meet the needs of the subscriber. The telephone set may be provided as either desk or wall mounted.

CourtesyLine Service is installed solely at the discretion of the Company, where facilities permit, and generally in locations where a public coin telephone is not warranted.

CourtesyLine Service provides outgoing service only. Incoming calls are blocked.

B. TERMS AND CONDITIONS

1. Local and other calls available from Public and Semi-Public stations (e.g., 911, 411, 800 and 10XXX) will be permitted. Toll calls (both intraLATA and interLATA) must be alternatively billed by the caller by using a calling card, billed to a third number, or placed collect. Applicable charges apply.
2. CourtesyLine Service is provided only where a business line already exists at a given subscriber's premises. CourtesyLine Service will not be provided for residence locations.
3. Directory listings are not provided with CourtesyLine Service.
4. The Company will provide and maintain the coinless telephone set without charge. However, a subscriber whose CourtesyLine Service phone is stolen or vandalized will be charged a CourtesyLine Service Set Replacement Charge as provided for in C.1. following.

(N)

Issued: March 1, 1996

Effective: March 1, 1996

In accordance with Case No. 96-195-TP-ATA, issued March 1, 1996.

2. **COURTESYLINE** (cont'd)

(N)

B. TERMS AND CONDITIONS (cont'd)

5. CourtesyLine Service is provided to subscribers on a Term Payment Plan (TPP) of one year. At the end of the one year TPP, CourtesyLine Service will be provided on a month-to-month basis, at rates specified in C.1. following.
6. If the subscriber requests the disconnection of all or part of the service prior to the expiration of the TPP, termination charges as described in C.3. following will apply.
7. As a non-residence service, CourtesyLine is available for resale. The point of demarcation between the reseller's equipment and Ameritech's facilities will be a location within the business location not to exceed 12 inches.

C. PRICES

1. Service Elements

Description /Billing Code/	Non Recurring Charge	Monthly Price
CourtesyLine with TouchTone Charges		\$ 23.00
Charge to replace stolen or vandalized CourtesyLine Service set	\$ 69.00	/1/

/1/ Subscribers with twenty (20) or more CourtesyLines in service will be provided one free CourtesyLine Service replacement set per year, per twenty (20) CourtesyLines in service.

Non-residence local usage charges	Ameritech Tariff, P.U.C.O. No. 20, Part 4, Section 1

3. Payment Plans

• Term Payment Plans

In the event that a customer terminates CourtesyLine Service during the 12-month initial period, the customer will remain liable for the remaining contract charges. These charges will become due and payable in their entirety immediately upon termination. The multi-line end user common line charge is excluded from this calculation.

Commission approval of the above termination liability language for CourtesyLine Service is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of dispute signators to such contracts may pursue whatever legal remedies they deem appropriate to resolve the dispute.

3. *Payment Plans (cont'd)*

CourtesyLine Service Bonus Prepayment Plan

- At the subscriber's option, the CourtesyLine Service Term Payment Plan obligation may be prepaid in full at the beginning of the payment period. This CourtesyLine Service Bonus Prepayment Plan provides thirteen (13) months of CourtesyLine Service for a one-time payment of twelve times the total monthly rate plus the multi-line end user common line charge. Normal usage charges will apply.
- In the event that the CourtesyLine Service Bonus Prepayment Plan is elected, regular monthly recurring charges as specified in C.1. above begin in month fourteen.
- No refunds of the CourtesyLine Service Bonus Prepayment Plan will be provided.
- Nonrecurring charges and charges for usage as specified in C.1. and C.2. above and any other applicable charges will continue to be billed as usual.

1. DEFINITIONS OF TERMS (cont'd)

Premises Wiring

Interior wiring on the customer's side of the Network Interface at the customer's premises which is used for the connection of terminal equipment. The installation and maintenance of premises wiring is provided on a non-regulated basis.

Private Property

The continuous plot of ground owned or leased and occupied by a customer and not separated by public highways or by property occupied by others.

Public Highway

A road, street, highway, way, lane or alley under the control of and kept by the public.

Public Telephone Station^{/2/}

(C)

A company station installed at the Telephone Company's initiative, or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public.

Rate Center

A centralized point within a central office area or exchange area which is established for the purpose of measuring airline mileage between central office areas or exchange areas. Each rate center is assigned a unique pair of vertical and horizontal coordinates as described in Part 9, Section 2 of this tariff.

Relay Circuit

An arrangement of circuits to provide for electrical separation, but at the same time allow for the transfer or passage of operations from one circuit to one or more circuits, and also to provide where necessary, additional sources of energy.

/1/

/1/ Material now appears on Original Sheet No. 9.1 in this Section.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

PART 2 - General Terms and Conditions
SECTION 1 - Definitions and Abbreviations

Original Sheet No. 9.1

1. DEFINITIONS OF TERMS (cont'd)

/1/

Repeater

A combination of one or more amplifiers together with their associated equipment, so arranged as to provide for two-way transmission in a telephone circuit.

Residence Location

A place in which a person actually lives continuously and which is considered to be the person's home is a residence location.

/1/

/1/ Material formerly appeared on Original Sheet No. 9 in this Section.

1. DEFINITIONS OF TERMS (cont'd)

Right Of Way

The right which the Telephone Company obtains to use the land of another for the purpose of installing, constructing, operating and maintaining its facilities. The phrase "right of way" also means a strip of land which the Telephone Company has acquired the right to use for its facilities.

Private right of way is right of way on private property, not a part of a public highway.

Rotary Service

An arrangement under which two or more exchange services of the same class and grade, or PBX trunks of the same class, served from the same central office and furnished to the same customer, are grouped so that calls to the first number of the group are automatically routed to the first non-busy number of the group, and a busy signal or busy report is not given unless all the grouped numbers are busy.

Semi-Public Telephone Station^{/2/}

(C)

A Company station designed for use by the customer and the general public at locations somewhat public in character, but not suitable for the installation of a public telephone.

/1/

/1/ Material now appears on Original Sheet No. 10.1 in this Section.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

1. DEFINITIONS OF TERMS (cont'd)

/1/

Service Area Function - See Part 15, Section 1 of this tariff.

Shared Tenant Service

The resale or sharing of local exchange service in a multi-tenant single building, or a contiguous complex of buildings under common ownership or management, on non-residence individual and PBX trunks, semi-public service and Centrex stations.

Telephone Company

The Ohio Bell Telephone Company

Terminal

The designation given the equipment with which a circuit is connected or the equipment on which a circuit terminates.

/1/

/1/ Material formerly appeared on Original Sheet No. 10 in this Section.

PART 3 - Service Charges
SECTION 1 - Service Charges

1st Revised Sheet No. 3
Cancels
Original Sheet No. 3

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.2 General Regulations (cont'd)

- B. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Telephone Company.
- C. The charges specified in this section contemplate work being performed by the Telephone Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Telephone Company, the expense incurred by the Telephone Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.

1.3 Nonrecurring Charges

A. Application of NRCs to Establish Services

Except where otherwise specified in this paragraph 1.3, the same nonrecurring charges apply to residence, non-residence and semi-public service.

1.4 Network Wiring Charge^{/2/}

(C)

A. Application of Network Wiring Charge

1. The network wiring charge (NWC) applies for the delivery, installation, move or change of all equipment when a premises visit is required to perform such work except in the case of semi-public telephones for which the following charges apply:

- a. For installation of a semi-public telephone, apply only the Line Connection charge included in 1.3.A.1.b. preceding

- b. For moves and changes

- (1) Per semi-public telephone
- (2) Change to or from handset with volume control

Nonrecurring
Charge

\$86.50

75.55

2. When a premises visit is made at the request of a customer to perform work for which network wiring charges apply, a NWC applies unless the entire portion of the order which necessitated the premises visit is canceled.
3. A NWC applies separately per telephone craftsperson scheduled by the Telephone Company to perform billable work on the customer's premises. When a customer requests a shorter work interval which would utilize additional telephone craftspersons, the NWC applies separately per telephone craftsperson performing such work.

/1/

/1/ Material now appears on Original Sheet No. 16.1 in this Section.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

PART 11 - Operator Services
SECTION 2 - Directory Assistance (DA) Service

Original Sheet No. 1.1

1. DIRECTORY ASSISTANCE SERVICE - LOCAL (cont'd)

/1/

A. Regulations (cont'd)

c. Services furnished to the handicapped as follows:

(1) Impaired persons

- (a) For purposes of this tariff, the definition of impaired refers to those persons with communication impairments, including those hearing impaired, deaf, deaf/blind, and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.
- (b) Residential impaired customers or impaired members of a customers' household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official, or state agency, or a diploma from an accredited educational institution for the impaired, may receive a discount off their message toll service rates, and, if they utilize telebraille devices, they may receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by nonprofit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired may receive a discount off their message toll services rates.

/1/

/1/ Material formerly appeared on Original Sheet No. 1 in this Section.

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE^{/2/}

(C)

A. Public Telephone Service

1. Public telephone service is installed at the Telephone Company's initiative or at its option, at locations chosen or accepted by the Telephone Company as suitable and necessary for furnishing service to the general public. Any use of public telephones by occupants of the premises on which they are located is considered as incidental to the primary purpose. Telephones furnished with Public Service may or may not be equipped with coin collecting equipment.

2. Restriction of Service to Outgoing Calls

- a. Effective February 17, 1994 no further installation of Public Telephones arranged to provide outgoing calls only will be permitted pursuant to the following paragraph.

Public telephones arranged to permit only the originating of telephone calls are furnished for use at locations where such use will not endanger the safety of life and property and only at the request or consent of the occupant of the premises involved, provided that, in the judgment of the Telephone Company, the furnishing of such telephones is warranted.

- b. Effective February 17, 1994, at the written request of the property owner, commercial tenant, subscriber of Semi-Public service, or the municipality, local exchange company Public and Semi-Public telephones may provide outgoing only service. Should the instrument be limited to outgoing only service, notice must be posted on the telephone instrument.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

PART 13 - Public Telephone Services
SECTION 1 - Ameritech Payphone Services

Original Sheet No. 1.1

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE^{/2/} (cont'd)

(C)/1/

A. Public Telephone Service (cont'd)

3. In all cases the Telephone Company furnishes and displays such of its signs as are necessary to advertise the public telephone properly.
4. Since public telephone service is not a customer service, additional services, equipment and facilities provided under other sections of this tariff, or in other tariffs of the Telephone Company, are not provided with public telephones, except as the Telephone Company at its discretion chooses to use such services, equipment or facilities.
5. Public telephones are installed upon the signing by the occupant of the established forms of application, without specific term and terminable either by the occupant or by the Telephone Company upon written notice.
6. Local and toll messages from public telephones are charges as set forth in C following.

/1/

/1/ Material formerly appeared on Original Sheet No. 1 in this Section.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE^{/2/} (cont'd)

(C)

B. Semi-Public Telephone Service

1. Semi-public service is a combination of customer and public telephone service and is in general designed to meet telephone service requirements at locations where, in the opinion of the Telephone Company,
 - a. the installation of a public telephone is not warranted but there is a sufficient demand for service on the part of transients;
 - b. there is a collective use of the service by a relatively stable body of guests, members, employees or occupants; and
 - c. it is necessary to care for a combination of transient and customer usage.
2. Semi-public telephones must be located on customers' premises so as to be readily accessible for use by the public.
3. Customers shall, if required, display telephone signs furnished by the Telephone Company.
4. The Telephone Company has the right to require the customer to redeem all slugs and spurious, mutilated or foreign coins deposited in the coin collecting device at the value for which they were deposited therein and to make good all losses due to theft or fraudulent practices, and in the event the customer refuses to redeem such slugs and spurious, mutilated or foreign coins or to make good all losses due to theft or fraudulent practices, the Telephone Company will disconnect and remove its telephone and coin collecting device.

/1/

/1/ Material now appears on Original Sheet No. 2.1 in this Section.

/2/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, tariffed Public, Semi-Public, and CourtesyLine Telephone Services will be phased out by October 7, 1997, and local coin sent-paid message charges assessed to end-users at Public Telephones will be deregulated after October 7, 1997.

PART 13 - Public Telephone Services
SECTION 1 - Ameritech Payphone Services

Original Sheet No. 2.1

1. PUBLIC AND SEMI-PUBLIC TELEPHONE SERVICE^{/2/} (cont'd)

(C)/1/

B. Semi-Public Telephone Service (cont'd)

5. The Telephone Company will refuse to provide, maintain or restore service at locations where, in its judgment, losses by theft are likely to occur, unless the customer executes an agreement to indemnify the Telephone Company against such losses.

6. Restriction of Service to Outgoing Calls

- a. Effective February 17, 1994 no further installations of Semi-Public telephones arranged to provide outgoing calls only will be permitted, pursuant to the following paragraph.

Semi-Public telephones arranged to permit only the originating of telephone calls are furnished where facilities permit, for use at locations where such use will not endanger the safety of life and property and only at the request or consent of the occupant of the premises involved, provided that, in the judgment of the Telephone Company, the furnishing of such telephones is warranted.

- b. Effective February 17, 1994, at the written request of the property owner, commercial tenant, subscriber of Semi-Public service, or the municipality, local exchange company Public and Semi-Public telephones may provide outgoing only service. Should the instrument be limited to outgoing only service, notice must be posted on the telephone instrument.

7. The rates and charges for semi-public telephone service are included in C. following.

/1/

/1/ Material formerly appeared on 1st Revised Sheet No. 2 in this Section.
